From the Ends of the Earth, the Global Church Awakens to Jerusalem

Over the course of twenty-one days, something extraordinary happened. **From September 10 through September 30, over 1000 people from 48 nations participated in three weeks of global fasting and prayer focused on Jerusalem.** Led by Bishop Robert Stearns along with over thirty global Christian leaders, this fast included special prayer sessions on Facebook Live with various special guests, including a session with an Orthodox Rabbi, which had over 100,000 views. The fast led up to the global Awake Jerusalem gathering in Jerusalem October 7-9, which began with the **Day of Prayer for the Peace of Jerusalem!** This year the Day of Prayer event was broadcast live to 190 nations, featuring internationally-acclaimed worship and dance artists, and a keynote speech by Deputy Prime Minister of Israel, Dr. Michael Oren. Following that event around 500 young millennial Christians from 20 nations participated in a 72-hour round-the-clock event known as **Awake Jerusalem**, worshiping and praying in key locations across the city and also with the Christian Arab community in Bethlehem.

Israel Experience

For the 15th consecutive year, Eagles'Wings sent Christian student leaders from colleges and universities across the nation to be participants in the 2018 Israel Experience.

Dubbed the **"Christian Birthright"** by the Jerusalem Post and Eretz Magazine, the Israel Experience is connecting young millennial Christians with the roots of their faith in Israel, among the Jewish people and also the Christian Arab community. **One of this year's highlights was when the students had the opportunity to give blood to help provide for future emergency needs in Israel.**

As students connected their faith to the Land and people of Israel, the love of these young adult Christians visibly grew for their **"elder brother"** the Jewish people.

"There will always be a part of me in the land that I now hold near and dear to my heart."

~ Jessica, 2018 Israel Experience

Already over 80 young people are planning to participate in the 2019 Israel Experience trip.

"This land has given me so much, including my faith, and this is the least I can do to give back to the people."

~ Garrison, 2018 Israel Experience

Millennial Pastors and Leaders Trip

Thanks to the generosity of our partners we were able to bring 47 young millennial pastors to Israel. In January we brought a group of key leaders from America and in October we brought some of the most significant key millennial leaders in Brazil. The impact of this trip cannot be overstated, both in its significance for **Israel, America and for Brazil**. The combined social media reach alone of the pastors on these trips were **5 million followers**.

This trip was a strategic moment to allow these major influencers of the next generation to get to see first-hand what Israel was all about. The trip not only changed their perspective about Israel, but bonded these leaders together in a profound way. As Bishop Robert taught them throughout the journey, they began to understand why this land was so important for Christians today. Each day they would post what they were learning to their social media, educating tens of thousands more. The pastors' group had a chance to meet and interact with government leaders, Jewish religious leaders, and Palestinian Christians. They also visited the **Eagles' Wings Abraham's Bread Feeding Center** that is caring for those in need in the land. Many are already planning to return to Israel with their own congregations.

Open Doors in Brazil

Following the successful Brazil Millennial leaders trip, doors have opened for Eagles’ Wings to have an ongoing presence in Brazil. **In partnership with Dunamis movement, Eagles’ Wings is now working with over eight different movements in the nation of Brazil representing over 50,000 Christians.** Bishop Robert and the Eagles’ Wings team have been invited to speak at eight key churches in Brazil, focusing on the topic of why Christians should stand with Israel. We are also working with several movements in the nation to bring as many as 1,000 Brazilian Christians to Israel in 2019.

In addition Bishop Robert’s books *Cry of Mordecai* and the *Watchmen on the Wall manual* are being printed in Portuguese for widespread distribution across Brazil.

European Impact Increases

This summer saw our impact in Europe increase in dramatic ways as Bishop Robert was invited on a ministry tour, speaking and leading worship throughout **Germany** and **the Czech Republic**. Bishop Robert and the team ministered in Karlsruhe, Germany with dear friends Pastor Daniel and Isolde Mueller who pastor one of the largest Charismatic congregations in the nation. Then Bishop ministered at Die Tabue, a vibrant congregation in Heidelberg, Germany.

From there he traveled to Prague in the Czech Republic where Bishop spoke at the national auditorium on praying for Israel as **Watchmen on the Wall**. Following that conference, thanks to our generous partners,

Bishop's book *No We Can't* was printed in the Czech language and given personally to every member of the Czech parliament at a beautiful ceremony in the government palace. Just weeks after this event Czech President Milos Zeman visited the Knesset to announce that the Czech government was considering moving their embassy to Jerusalem.

.....
“Through Robert’s teaching and the strong Presence of God, the Lord brought me out of my Prison. I received new Power, to take the next steps in preparation for Israel.”

New York, Los Angeles key hubs for global movement

Bishop Robert and the Eagles' Wings team ministered in over 20 cities and regions throughout the United States in 2018. Through dynamic teaching and powerful worship over 500,000 people were ministered to and equipped to pray for and stand with Israel.

Our presence in the Los Angeles area through the **Israel Christian Nexus** saw an increased impact in both the Jewish and Christian communities. The New York City area continued to be a key region for this growing movement.

Through **Celebrate Israel events** in key cities, conferences, and guest ministry with leading churches across the country this global movement continued to grow in its scope and impact.

Celebrate Israel

A sea of hundreds of waving blue and white Israeli flags filled church after church this year as the songs of Zion filled the air at Eagles' Wings hosted **Celebrate Israel events in Alabama, Ohio, Connecticut, and Los Angeles**. In the wake of events such as the tragic Pittsburgh synagogue shooting these events took on a deeper meaning as a declaration of support and solidarity against the forces of anti-Semitism. Not only were the many Christian attendees encouraged and inspired but our Jewish guests shared poignantly of the impact of these events.

"It's not often that you will see a Rabbi short of words, but (tonight) I'm a little speechless...this (Celebrate Israel) event could not have come at a better time."

~ Rabbi Eric Berk of Temple B'nai Sholom, Huntsville, AL

"It was an overwhelming joy at seeing so many blue and white Israeli flags waving throughout the Church; such a joyous and inspiring celebration of Israel!"

~ Rabbi Mitch Hervitz, Temple Sholom, Greenwich, CT

"My parents would never believe that I, a child of Holocaust survivors, would ever be welcomed into a church – much less invited to share.

In many ways, we are living miracles."

~ Rabbi Joseph Schonberger of Temple El Emeth, Youngstown, OH
